HE HOLY LAND OF TYROL

The Holy Land of Tyrol tells the story of the Tyrolean uprising of 1809 in way never seen. The film takes viewers on a breath taking journey into the past through the lives of a Bavarian physician's daughter and a South Tyrolean mountain farmer's family. With unique historical images and original locations, the film, captures not only one woman's life but provides powerful and poetic feelings for the great issue of our time: love, war, religion, and the search for our own identity. (German, Tyrolean and French with English subtitles) - The film won Audience Awards for Best Film at the Munich Film Festival and at the Lessinia (Italy) Film Festival.
